

PowerSpin™ PX Centrifuge

Model: C826

- POWERSPIN™ PORTA-SPIN™ CENTRIFUGE
- FIXED SPEED 3700 RPM
- 6 PLACE FIXED ANGLE ROTOR
- 30 MIN. MECHANICAL TIMER
- 6X10ML CAPACITY
- POWER INPUT 15VDC

The PortaSpin™ PX allows you to take your practice on the road. Whether you are a mobile vet, visiting nurse or doctor, we have a PortaSpin that will meet your needs. Available with 6 or 8 place rotors and adapters to fit tubes ranging from 2 - 15 ml.

Standard with 12 Volt car lighter adapter, a 110V electrical outlet adapter is optional for use back at the lab. When using this unit you will most likely not be in your lab setting so you will not have your standard bench-top tube rack. We strongly recommend purchasing the optional Tube Holdster, attaches easily to the side of the centrifuge and will hold up to 18 tubes or adapters
